

Mini Toys

They're Tiny! Specially designed for very small Canine Geniuses.

Mini Leos

Scaled down perfectly to meet the intellectual needs of our tiny canine companions. Mini Leos connect together to form customizable puzzles, so your dog will never get bored again. Feed dinner from a Mini Leo – slow down gulpers by giving them a “hunting and foraging” challenge at mealtime. For dogs 15lbs and under.

Leo

It's Genius!

The original smart toy for dogs. Leo's striking design, stylish colors and unusual shape mean endless, tantalizing hours of chewy, bouncy, and problem-solving fun. But Leo is no ordinary treat-release toy. Fun for treat-release, mealtime challenges, fetch, tug-of-war, and water sports (they float!)

The Original Leo

The durable, hollow-core construction, open neck and two cross-cut holes allow Leo dog toys to be stuffed with treats. Connect two, three, or more Leos to create customizable treat-release puzzles that both exercise and reward your dog's problem-solving skills. Feed dinner from a Leo – slow down gulpers by giving them a “hunting and foraging” challenge at mealtime.

MADE IN THE USA

Specifications:

- Case Pack of 10 – 2 each color
- Dishwasher safe
- Comes in 5 colors (Brainstorm Blue, SoBright Orange, Egghead Yellow, ThinkTank Teal, Hot Shot Pink)
- Size: 8”H x 4”W
- Weight: .8 lbs
- Two versions: Leo Extra for medium+ chewers or Leo Regular for medium-soft chewers
- Hollow-Core Construction
- Non-Toxic, FDA Approved Material
- Made in the USA

How it Works:

1. Fill Leo with Goodies

Find the trumpet-shaped end, or cross-cut holes on the side and/or bottom of the toy. Push in the treats or kibble. As your dog plays with the toy, goodies will be released.

2. Connect More Than One

Fold the trumpet-shaped end of one Leo and use your thumb to pop it into the cross-cut hole of another. The more Leos you have, the more puzzle possibilities you can make.

3. DogSmarts, 101

When multiple toys are attached to one another, their hollow spaces are interconnected. In this way, the treats shift and rattle from one Leo to another, and your dog stays engaged and entertained.

IQ treats

Smart Cookie!

Grain-free and made from 100% wild caught Norwegian salmon, these bite-sized cookies are extra healthy and fit perfectly inside the original Leo and Mini Leo toys. With their 1 inch size, crumbly texture and “fish-tastic” aroma, dogs will be extra motivated to solve their Leo and Mini Leo puzzles, and gobble up these healthy treats. Or use them for training and rewards!

IQ Treats

Dogs love IQ Treats so much, they can even be used as food enhancers for picky eaters. With powerful Omega 3 and 6 fatty acids, these treats may even help boost that canine IQ up a few points. Feeds the brain and the tummy!

MADE IN THE DENMARK

Specifications:

- 6 ounces
- Foil reseal-able bag
- 100% wild caught Salmon – single ingredient
- Grain-free
- Baked never smoked
- Made in Denmark
- Case pack of 10 bags

Plush Leo with “Stuffies”

They're Plushy!

Designed for dogs obsessed with the original Leo toy! An interactive dog toy – the Plush Leo with Stuffies is a giant fuzzy version of the popular Leo toy.

Plush Leo with ‘stuffies’

The Plush Leo is hollow and has three openings in which to hide four squeaker filled Stuffies mini plush toys. The Stuffies come in “treat” shapes that dogs love: fish, steak, turkey leg, and carrot. Humans hide the Stuffies inside the Plush Leo. The doggie mission? Figure out the puzzle, and get the Stuffies out. This new toy should provide hours of relief for dogs that can't seem to leave their original Leo toys alone!

Specifications:

- Plush Leo 13 inches tall
- Stuffies 4 inches each
- Case pack of 6

Water Toys

They Float!

Made for canine water athletes with a keen aesthetic sense - Canine Genius introduces gorgeous new water sport toys. Water Twisters and Water Flowers may just be the prettiest water sport toys for dogs on the market today. Summer Olympics anyone?
